RECOMMENDATION FOR Ms. AMINATTA TRAWALLY

Ms. AMINATTA TRAWALLY has been at the facility as a volunteer since October 2021 up to date and has been a very hard-working and dedicated volunteer. She has shown her commitment towards the job that gives the senior management team the mandate to assign her to work along with the trained nurses at the outpatient department

In terms of punctuality, she is always on time and regular at work, very respectful and obedient to the authorities, and is always ready to complete her assigned task. She has worked in all the departments or units in the facility.

Due to her performance at the facility, she has shown her skills in caring out basic nursing skills procedures.

I strongly recommend Ms. AMINATTA for any enrolment into the nursing institution in helping her to accomplish her dreams of becoming a better nurse.

I, therefore, wish her the best of luck in her view to pursue her career dream of becoming a well-trained nurse and I wish her all the best in her endeavor and hope to see her again shortly as a trained nurse.

Yours faithfully,

.....

David Junior Daye
Senior Nursing Officer
Officer In charge (O.I.C)
