## RE: RECOMMENDATION

**ABDOULIE SANYANG** was enrolled into this school to pursue his senior secondary school education from **September 2010 – June 2013** and was placed in a **Science 1 class**. During his stay in the school, he proved to be a student of reasonable cognitive aptitude as he was able to consistently score good grades in almost all the subjects he studied. He was very punctual and compliant with authorities and his compatriots; with whom he had very cordial relationships. He also participated immensely in series of school based activities like quiz, debates and seminars in which he did so well.

**Abdoulie** is a very diligent and an academically prudent person. He can be very instrumental and does not only participate effectively in group work but could also execute tasks with less or no supervision. He is very humble, intuitive, observant and considerate. He is very resilient and resolute when faced with challenging tasks. He has the tendency to aptly apply himself and has a very sharp sense of purpose in all his undertakings. More importantly is that he handles situations with tact. Generally, he has a moderate approach to situations around him.

**Abdoulie** is a highly cultured and courteous person. He has an invaluable regard for authority and has a very strong ambition to pursue his education to the very pinnacle of academism. He has the potential of responding to whatever he seeks to help him grow. Let me frankly remark that **Abdoulie** is quite mature and nurtured enough for higher academic attainment. Without any doubt, I strongly recommend that he be granted the opportunity to pursue whatever he is aspiring for. I have not even the slightest of doubt that **Abdoulie** will rise to the occasion and prove worthy of my views and observation.

I remain most obliged.

MR. PAUL L. F. MENDY
