

FOUNDATION SCHOOL FOR NURSE ATTENDANTS

BAKOTEH, TEL NO. +220 3509018, 7377998

26th July, 2019.

RECOMMENDATION

Fatoumatta Njie has attended an Intensive Foundation Course in General Nursing from 29th October, 2018 to 1st November, 2019.

She has been found to be focus, hardworking, punctual, knowledgeable and well discipline, and very much interested in nursing. She always make sure that work is done and accomplished at the right time. She is a promising nurse and can cope in any situation that she happens to find herself.

In view of the above, I recommend her to any employer who needs her services or any nursing institution to further her education. I have no iota of doubt that she can perform to the best of her ability.

Whilst counting on your usual support, please accept the assurances of my highest consideration and esteem.

Yours Sincerely,

Mrs. Margaret Gomez

Director
