RECOMMENDATION

TO Whom It May Concern

RE: ROSE SANYNAG

I have known Ms. Rose Sanyng for past eight (8) months. She is employed as a Nurse attendant at Mbowen Clinic, her duties and responsible were to assist the nurse in charge in the main ward, post-operative ward, labour ward and the theatre for a proper nursing care.

Rose is a very active young lady and well mannered. The keen interest towards her job has devoted herself to learn and work in different units of the clinic. Throughout her eight months working with Mbowen Clinic, I have always known Rose Sanyng to be respectful, punctual, obedient, humble and always keen to learn new skills.

I therefore strongly recommend her for support in realizing her potential and make her dreams come true

Kind regards
