ENGLISH PROFICIENCY

RE: ABUBACARR CONTEH

Abubacarr was enrolled as a student of this institution in September 2018 and with consistent hard work, he attained Grade Twelve and wrote West African Senior School Certificate Examination (WASSCE) in May /June 2021.

He spent about twelve years in a school system in which the medium of instruction is English. While in school, his written work was very good and he was also prominent at class discussions, quiz competitions, debates, seminars, symposia, impromptu speeches and tutorials. His creative writing manifested matured reasoning in both content and style. His contribution of articles to the annual publication of the school magazine was also very meaningful. He had succeeded to improve his proficiency level by the enthusiastic use of English in school and his community. He can understand and takes down lectures at any higher institutions with ease.

His hobbies, reading, listening to news, sports, visiting friends, browsing internet and watching documentaries had all helped to have a very good impact on his character formation.

I have no doubt therefore that **Abubacarr** will always strive hard wherever he finds himself to prove worthy of my views and recommendation about him.
