RE: RECOMMENDATION FOR MISS MARIAMA JOBE

I am indeed pleased to write this letter of recommendation for Miss Mariama A Jobe. I have known Mariama for a period of almost two years, as Hospital Administrator and one of her supervisors and manager. Mariama started work at Farafenni General Hospital since 28th November 2022 as an Enrolled Nurse.

During this period, I have found her to be a discipline, punctual, committed, competent and dedicated staff. She is a staff of above average in performance. She has manifested keen interest in the care of patients that are in need of her services. I have found her to be one of the most concerned staff in matters related to patient care and management at Farafenni General Hospital and above all she has an exemplary character.

I am especially impressed by Miss. Jobe's enthusiasm as a staff of the Surgical Department of the Hospital. She proofs to be a good team player who is able to consider and analyze different opinions and take lead when necessary. I have no doubts that she is capable of undergoing any training of her choice.

Miss Jobe is an individual with a high level of scientific curiosity. Her spoken English is easily understood and her written work is concise and interesting to read. She has good public speaking skills with the ability to present to small and large groups. She is an exemplary leader at the Hospital's surgical department who has the ability to work independently with minimal supervision and manage the staff working under her. She has a good sense of direction with a strong ability to work under pressure and within a multi-disciplinary care team and as well as take swift appropriate decisions during work. Personally, I have found her to be an outstanding staff with an enquiring mind and good leadership qualities admired by management and colleagues alike. I highly recommend her for any employment and further educational endeavor. I think she will make valuable use of this opportunity if accorded to her.

If you would like additional information, please do not hesitate to contact me at
