**TO WHOM IT MAY CONCERN**

**RE: RECOMMENDATION FOR MS ISATOU DRAMMEH:**

Ms Drammeh has been working in Bansang Hospital as a Student Nurse Attendant for Four months, with great sense of professionalism.

During this period she worked under the supervision of the Principal Nursing Officer who is head of the clinical services. She is found to be very hardworking, committed and dedicated to her duties. She is always willing and responsible and also maintains a decent record of behaviour.

I therefore wish to recommend her for any training/Job opportunity to realize her goals.

I remain;

Yours Sincerely;

**Mr. Sheriffo Kanyi**

Principal Nursing officer
