Letter of recommendation for Momodou Lamin Manneh

Dear sir/madam

Although momodou lamin manneh is not with us for long time he started with us from October 2021 upto now he is with us and I hope he will be continue with us for long time , because really he is a hard working, discipline and have knowledge of medicine, not everyone who come to work with us knows medicine like him, he is very patient when attending to customers and anything he dont understand he always ask which make him perform even far more better than the qualified nurses. He will have a bright futures which he deserves I believe.

I will not be hesitate to recommend him to any nursing institution to further his education, I am sure that he can perform to the best of his ability.

While counting on your usual support, please accept the assurances of my highest consideration to accept him .

Yours sincerely
