SUBJECT: RECOMMENDATION FOR MRS SOPHIE GOMEZ AFOLABI

I am writing in my capacity as the Programme Manager and her immediate supervisor and mentor during her past nine years of working experience with the programme.

Sophie is a very dedicated, honest, hard working and passionate staff who went through a lot of trainings both nationally and international.

During her stay with us, she managed a lot of resources, human and material, including the Global fund's enabler's package for patents, a responsibility she carried out to the best of her ability. She has never received a query or warning letter during this time. As her supervisor, I would recommend her for any Senior Management role and further training should the need arise

Thanks

Yours sincerely
