Recommendation

RE: Hasatou Jallow

Hasatou Jallow was enrolled into Grade 10 at Charles Jow Memorial Academy in September 2020 to pursue a three-year Senior Secondary Course in Science. She sat to the West African Senior Secondary Certificate Examination in April/May 2023.

She was focused, determined and hardworking. Her academic performance during the period was always above class average.

Her records of attendance and punctuality are unblemished and exemplary. She conducted herself very well and related with her teachers and peers.

Hasatou Jallow has great learning potentials that could be developed to the fullest if given the chance.

I therefore recommend her for any further training or employment.

English Proficiency

RE: Hasatou Jallow

Hasatou Jallow was enrolled in Charles Jow Memorial Academy in September 2020 and completed in May/June 2023.

In The Gambia, the medium of instruction in all schools is English. All subjects are taught in English. Students who went through this system are subjected to rigorous exercises in both oral and written English. At the end of every term, students are also subjected to a standard internal examination as a pre-requisite for promotion to the upper class.

At the end of Grade 12, students sit to an external examination conducted by The West African Examinations Council, a legally constituted and recognised examining body in Anglo-phone West Africa.

The syllabus for the West African Examinations Council is tailored in a way that enhances proficiency in both spoken and written English. In this regard, such students do not need to be subjected to any test of English as a requirement to pursue further education in any institution where English is used as a medium of instruction.

Hasatou Jallow was able to read and understand English quite well. She can express and write good essays. She sometimes takes part in class discussions as well as other aspects of the school.
