I write to attest that Miss Sanu Jobarteh has been known to me since 2004 when she got admitted into grade 7 of the above named school. She completed the Upper Basic School course successfully and got admission into grade 10 for the start of the senior school course. Sanu then completed the Senior School course in June 2010.

I wish to express that her courses in both the Upper Basic and Senior School were characterized by hard work and responsible behaviours.

I served as her vice principal and guidance counsellor during her courses and she was one of the best student clients. She was very responsive to counselling as she always participated well in finding solutions to her problems.

I therefore wish to sincerely recommend Sanu to any prospective employer or institution of higher learning.
