Dear Sir

RE: FABAKARY JOBE SEN NURSE

Fabakary is a staff of the Operating Theatre. After completion of his State Enrolled Nurse training, he started working in the theatre as a Peri-operative Nurse. Since then he has been doing his work efficiently without any friction with colleagues or supervisors.

He is a quiet and respectful person, and has keen interest in furthering his career in nursing. For this reason I have no hesitation in giving him my whole hearted recommendation. I strongly believe he is a potential good candidate for the Registered Nurse Programme.

Sincerely yours

Sulayman Jallow
