RE: RECOMMENDATION FOR NAFFIE JOBE

Naffie Jobe has been working in Bansang Hospital as a Registered Nurse (RN) for Five (5) years with great sense of discipline and professionalism.

During this period she worked under my supervision as the head of the clinical services, she is found to be very hardworking, committed and assertive to her duties. She is always willing and responsible and also maintains a decent record of behaviour.

I therefore strongly recommend her for a training course on midwifery at the school of nursing and midwifery, Gambia College.

I remain;

Yours Sincerely;

Mr. Sheriffo kanyi
Principal Nursing Officer
