MOTTO: LEARN, WORK AND PLAY

23rd May 2018

TO WHOM IT MAY CONCERN

I have known Miss Tida Jarra for the past 4 years now. She started as a classroom teacher, her commitment and dedication to her work earned her the position of a headmistress, taken care of over ten teachers and approximately one hundred and seventy pupils (2 to 7years).

Miss Jarra is known to be very committed, dedicated and focussed. She has asked for a

personal testimonial which I do unreservedly knowing her to be honest, committed and dedicated. She can be given any position of trust or opportunity for further studies.

I will willingly supply additional information covering her character and capabilities.
