Dear Sir/ Madam,

RE: LETTER OF RECOMMENDATION: MADLINE SOPHIE TOURAY

It's my pleasure to write in support of Madline Sophie Touray an Enrolled Nurse presently working at Brufut health centre in western one health Region.

I know her for about three years, she is hard working, intelligent, has respect for authorities and her colleagues. She is committed to work, fast in learning and picked up a verity of skills from the various units she worked in.

I therefore recommend her for any professional development. For further information please do not hesitate to contact me.

Yours Sincerely

Jeandarc Jarju Kujabi
