GENERAL REMARKS: Vivian Correa was admitted to Gambia Senior Secondary School in September 2016, after successfully completing her Junior Secondary School Course from St. Theresa's Upper Basic School. She is a keen, committed, well motivated and liable student. She was always prepared to face any challenge to her education with courage and strong determination. Due to her commitment and interest in her studies, she always took the necessary initiative to perform well in all her class work and exams. Vivian has a quite personality and a good moral approach; she was endeared to both staff and student because of her good character and positive attitude to school in general.

I recommend her for further studies/training/employment
