June 1992

ANTHONY GOMEZ 03106023

Anthony Gomez was enrolled in St. Peter's Technical High School in September 1989. He has completed Form Five and sat the 1992 SC/GCE 'O' Level Examination in the following six subjects:

- English Language
- Mathematics (Traditional)
- Woods
- Physical Science
- Geography
- Biology

His record of attendance was not satisfactory.

Anthony is a young man of average intelligence. He has a keen interest in his work and always tried to prove himself as a good, hardworking and diligent student.

His conduct was always exemplary. He was also cooperative and helpful when called to do extra duties. I cannot recall a single complaint about him or a serious breach of the school's rules and regulations during his time in St. Peter's.

He took an active part in the school's football team.

I strongly recommend him without reservation as a young man of trust and responsibility capable of a position of trust in any employment of his choice.

He is recommended
