TO WHOM IT MAY CONCERN

This is to attest that **Fatima Fatty** was a bonafide student of The Gambia Muslim Senior Secondary School from September **2012** to June **2015**. During this period, she studied Science subjects as you can see in her school Transcript, Testimonial and WASSCE results.

Fatima was regular and punctual in attendance to school and her lessons. She was a hardworking and respectful student and had a good relationship with her fellow students as well as her teachers.

Given the fact that **Fatima** was committed to her studies and was exemplary in both conduct and learning, I am convinced that she can cope with academic rigour at a higher level.

She was determined to develop to her full potential throughout her senior school career hence her outstanding performance in school. She participated in Extra-curricular activities.

With these virtues and high standard **Fatima Fatty** had set for herself and the school, I do not have an iota of doubt that she will be found wanting in her future engagements. I therefore have no hesitation to recommend her strongly to any prospective employer or institute of higher learning that may need her services.

I wish her good luck in her future endeavours.

Thank you.
