TESTIMONIAL

KADDIJATOU CAMARA was enrolled at SOS Hermann Gmeiner Technical Senior Secondary School in September 2021. In May/June 2024, she sat to the external examinations conducted by the West African Examinations Council after attaining 12th grade standard.

Throughout the time she spent with us, **KADDIJATOU** behaved well and worked hard. She got along quite well with the teachers and her peers. She had never been reprimanded for a breach of school rules and had a lot of respect for school authority. She was rated above average in her academic work output and as a result enjoyed regular and meritorious promotion until the end of her school career.

Aside from school work, **KADDIJATOU** participated in extra curricula activities. She was an active member of the Peer Health and Science Clubs.

KADDIJATOU is a young, disciplined and hard working lady; I wish to recommend her for further studies and or employment in her area of career interest and academic strength.
