RECOMMENDATION

RE: KADDIJATOU JARJUSEY

Kaddijatou Jarjusey (G. R. No.: AF852) has been a student of the above school from September 2015. I taught her Chemistry in Grade 10, 11, and 12. I know her as a descent, respectful and highly devoted student.

She has a pleasant personality which she is always ready to share with colleagues and teachers alike. Her seriousness of purpose and an ambitious young woman, poised to excel herself in academic acquisition. She is capable of working under strenuous conditions and independently.

Kaddijatou has never been below the best in academic performance. Apart from academic work, she also took keen interest in quiz, literary and debating society. She was an active member of Science and Maths club, Young Farmers Association club and NICA. She was diligent and has the potential to lead.

She has an instinct to widen her knowledge. She has been attending seminars and debates organized by the school. She has the ability to undertake high academic training.

I therefore have no doubt of her suitability of any opportunity or employment accorded to her.

I strongly recommend her for your consideration.

I. Conteh
(Head of Chemistry Department)
