

FOUNDATION SCHOOL FOR NURSE ATTENDANTS

BAKOTEH, TEL NO. +220 3509018, 7377998

12th September 2018

RECOMMENDATION

Mariama A Jallow has attended an Intensive Foundation Course in General nursing from 18th January 2018 to 12th September 2018.

She has been found to be focus, hardworking, punctual, knowledgeable, honest and well discipline, reliable and very much interested in nursing. She always makes sure that work is done and accomplished at the right time. She is a promising nurse and can cope in any situation that she happens to find herself. Both theory and practical performance excellent,

In view of the above, I strongly recommend her to the School for Registered Nurses so as to further her education. I have no iota of doubt that she can perform to the best of her ability.

Whilst counting on your usual support, please accept the assurances of my highest consideration and esteem.

Yours Sincerely

Mrs. Margaret Gomez

Director
