**RECOMMENDATION FOR MUSA GINDO**

I wish to make this recommendation on behalf of management as the Principal Nursing Officer for the hospital, for Musa Gindo a Nurse Attendant who has been working with this hospital since 2014.

During this period, Musa has been found to be hard working, discipline, diligent and committed to his work. He has also attended the in-service training for nurse attendant as Basic Nursing procedures and management skills, organized by the hospital management.

His exemplary performance and sense of responsibility convince me to write and recommend him to any authority or institution for any carrier he wishes to undertake.

Currently, Musa is posted to the hospital Medical Ward under the IDU sub unit as a Social worker, who works with people leaving with HIV/AIDS for support and services.

Finally, and for any further information concerning the person or the letter, please contact me on the following cell phone numbers following telephone numbers for further clarification and they are: 3510012, 9958157 and 6512462

Yours Sincerely,

**Mr. Lamin Bondi**  
**Principal Nursing Officer**  
For: Chief Executive Officer
