

FOUNDATION SCHOOL TO GENERAL NURSING/NURSE ATTENDANTS

HOME CARE SERVICES, BAKOTEH, TEL NO. +220 3509018, 7377998

23rd February 2018

RECOMMENDATION

Berethe Jombana has attended an intensive Foundation course in General nursing from 17th July 2017 to 12th January 2018.

She has been found to be focus, hardworking, punctual, knowledgeable and well discipline, and very much interested in nursing. She always make sure that work is done and accomplished at the right time. She is a promising nurse and can cope in any situation that she happens to find herself.

In view of the above, I recommend her to any employer who needs her services or any nursing institution to further her education. I have no iota of doubt that she can perform to the best of her ability.

Whilst counting on your usual support, please accept the assurances of my highest consideration

Yours Sincerely

Mrs. Magaret Gomez

Director
