Recommendation Letter

It is my greatest pleasure to write recommending Alagie Samateh as a nurse

I have known and worked with Alagie Samateh for over a year. Alagie works as an Auxiliary Nurse at the Clinical Services Unit(CSD) of the Medical research Council, The Gambia at the London School of Hygiene and Tropical Medicine (MRCG@LSHTM). His role includes but not limited to; assisting consulting doctors in outpatients clinic and also attends to admitted patients in the ward.

Alagie is known for his commitment, dedication, hard work and discipline. He has a good working relationship with all staff and relates well with his patients and escorts. He is eager to learn and ambitious to diligently complete any task assigned to him.

I have no doubt in Alagie's outstanding nursing skills as he shows great sense of responsibility and commitment in all his undertakings. I am confident that with his academic background and highly valuable practical hands-on experience in our unit, he will make an excellent nurse in your institution.

Please do not hesitate to contact me if you need more information on mlgomez@mrc.gm.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'MLGomez', written over a horizontal line.
