ATTESTATION

Amie Jawo gained admission into the school in September 2016 and followed a three-year Senior Secondary School course leading to her West African Senior Secondary certificate examination (WASSCE). Amie worked extremely hard over her assignment and scored very good marks.

She succeeded in maintaining relatively a good attendance record. She enjoyed an excellent rapport from her colleagues. She was respectful and obedient to her teachers.

Amie is undoubtedly prepared for further academic studies.

She has my recommendation
