During her stay with us, Marie had a very good record of attendance and punctuality in school.

Marie possesses average academic intelligence which she coupled with hard work and determination to produce satisfactory results. She worked hard to pass all her internal examination which earned her promotion yearly. She is quite attentive and shows keen interest in her school work.

She is a hardworking, respectful and co-operative student who gets along well with her peers and mentors. She is maturing into a well-disposed young woman.

Over the years she shows keen interest in both curricular and extra-curricular matters. In extra-curricular activities Marie was an active member of the Human Rights Club. She participated fully in all their activities and contributed immensely in the successes of the club. She was also an active member of Young Christian Students.

Marie has great potential. She is very reliable and capable of rendering satisfactory service to her future employer.

She is highly recommended.
