Dear Sir/Madam,

**RECOMMENDATION FOR MRS. RAMATOULIE SAIDYKHAN**

It is my pleasure to recommend Mrs Ramatoulie Saidykhan for the award of a scholarship for the conversion programme for Registered Nurses. I have known Mrs Saidykhan for almost 12years now and has always been delighted to serve as both her supervisor at the Brikama Major Health Center when she was a Community Health Nurse from 2004 to 2014 and presently her Director at the Directorate of Nursing and Midwifery services, Ministry of Health.

During the course of my interaction with Mrs Saidykhan, I witnessed her extraordinary ability to quickly understand advance health concepts and then adeptly apply them to clinical, community and real world situations first hand. I have the conviction that her education and work experience are relevant and will be useful for this programme. This course is not only important but critical for Mrs Saidykhan, which makes her selection and participation even more worthwhile.

Mrs Saidykhan's academic accomplishments are rivaled only by her personal strengths. Her compassion and charisma are beyond her years and she is well loved by her peers, as well as all those who had the pleasure of teaching and working with her. Ramatoulie has excellent communication, writing, problem solving, time management and supervisory skills. In addition, she is extremely organized, reliable and competent. She is hard working, intelligent and has demonstrated keen interest that drives her motivation and intense enthusiasm for public health and academic pursuits. She is an honest and trustworthy person with a pleasant personality that
