During his stay with us, Omar had a very good record of attendance and punctuality in school.

Omar possesses average academic intelligence which he coupled with hard work and determination to produce satisfactory results. He worked hard to pass all his internal examination which earned him promotion yearly. He is quite attentive and shows keen interest in his school work.

He is a polite, well-mannered and co-operative student who got along well with his peers and mentors. He is maturing into a well-disposed young man.

In extra-curricular activities, Omar was an active member of the Maths and Science club and participated fully in all their activities. He was also an active member of the Islamic club.

Omar has potential. He is very reliable and capable of rendering satisfactory services to his future employer.

He is highly recommended.
