Dear Sir/Madam,

RE:RECOMMENDATIONLETTER FOR MOMODOU JALLOW SEN/CON

This is to certify that the office has recognized the good work Momodou Jallow has been doing over this years in improving quality health care service in the region and I decided to support his application to study in any institution.

He is found to be an excellent staff and is highly recommended by the office for diligent, consistency and high standard of performance in service delivery.

He is hard working, punctual, obedient and respectful with a high sense of purpose and self-esteem. He is very committed to his work and a good resource for the Ministry of Health if only given the opportunity.

His abilities to cope with highly stressful situations at work and outside work, is a clear manifestation of his commitment to services, which really makes him admired by the entire staff of the Regional office.

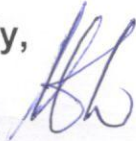

He is always keen to develop himself so as to enrich his skills, knowledge and experience to cope with emerging health situations globally.

It is against this backdrop that, the office hereby recommends him to be accepted for the programme he applied for as a kind of motivation for him after being regarded as one of the best outstanding CON in the Region.

Thank you

Yours Sincerely,

Ousman Sarjo.
