Dear Sir / Madame

RECOMMENDATION

To whom it may concern, I hereby recommend **MARIAMA L. MENDY** a teacher in the above named School for any future human capacity building. I have known her since November 2020. She is a hard working teacher and very committed to her academic work.

She wants to further her education in order to contribute more to the teaching field now and in the near future. I therefore duly recommend her for any future human capacity building development.

Thank you

Yours Faithfully
