**Hospital Administrator**

Wish him success in all his endeavours.

He is filled with the enthusiasm to broaden his horizon academically. With the attributes spell-out, I wish to recommend this young man of good character and strong determination to achieve his aims of becoming a professional nurse.

He has shown the ability to articulate information and ideas in both verbal and written forms. **Haruna** has the ability to work independently and also within a team. I am confident that he would excel in his academic pursuit with a high degree of diligence. He is a quick learner and has shown the ability to articulate information and ideas in both verbal and written forms.

He commands discipline and I have been consistently impressed with his exemplary personality and attitude he exhibited during this period. He is a very bright young man who is self-motivated.

Haruna demonstrates a high degree of commitment and dedication to tasks assigned to him and has the potential of a good leader.

Mr. Haruna M. L. Jarju is known to me for well over 2 (two) years working as Auxilliary Nurse working in abovementioned hospital. He is very sociable and adapts to any environment he finds himself in. He is a young man who is hardworking and promising.
