Letter of Recommendation for Omar Badjie

I have the honor and the privilege to be granted the mandate to prepare a recommendation letter for a very hard working and well-focused student like Omar Badjie. Omar is one of the best students I have ever taught throughout my experience as a teacher.

As the English language teacher, I did not find it hard to spot his strong love for words due to his productive contribution during lessons and his novel ability to solve English language puzzles. He was punctual and did assignments seriously with positive character towards assisting his colleagues.

He has excellent academic performance and also spends most of his efforts in assisting those of his colleagues with learning difficulties by organizing regular study classes particularly after school sessions.

We were not astonished when he set a record of been among the best students in our school to score hundred percent credit in West African senior secondary school Certificate Examination (WSSCE) 2017.

I have no doubt that it would not take long for any tutor to fall in love with his ability of understanding English language and other related subjects.

He is full of innovative ideas, enthusiastic, friendly and generally intelligent, I fully recommend him to further his education to your institution
