## RECOMMENDATION NDEY ASTOU CHAM

Ndey Astou Cham was admitted into Grade 10 at Gambia Methodist Academy in September 2019 to pursue a three year Senior School Pure Science programme. She successfully sat to the 2022 West African Senior Secondary School Certificate Examination (WASSCE) for School Candidates in May 2022.

Ndey Astou worked hard in school to improve on her academic performance. She showed much interest in her work. Her academic performance was above class average.

Ndey Astou has a warm and pleasant personality. During her schooling, Ndey Astou was regular and punctual in school, and neat in appearance. She related well with her colleagues and as well as her teachers

Ndey Astou has expressed an interest in Medicine. I am confident that given her educational background she would be able to pursue the course successfully. I strongly recommend her to any institution, as I am sure that she will work hard to achieve her ambitions.
