RE-SOHNA BAH

TO WHOM IT MAY CONCERN

Sohna Bah has worked at the Old Jeshwang Health Centre for five years now under my supervision.

She always impressed me that she invested herself in learning about almost everything that goes on in the Health Centre. She gets involved in other areas that might need her services.

I am confident you will be pleased with the results of any opportunity that she is granted

I am therefore recommending her without reservation to undergo further training to acquire skills and knowledge in nursing.
