*Dear Sir/Madam.*

**TO WHOM IT MAY CONCERN**

This is to certify that **Awa Jaw** is a student of west African Academy of Science and Technology School. She was admitted as a student of West African Academy of Science and Technology in September 2018 and since then to date she has been an obedient student, excellent in her Academy performance and a very discipline student.

In addition, she was also found to be polite and respectful in her interaction with school management and colleagues. She is quite, punctual and regular in school.

In respect of the above qualities therefore I have no hesitation in recommending her to anyone who may need to assist her in her educational career. I wish her all the best in her academy education.

Your Sincerely ,

Principal
