HEAD OF NURSING DEPARTMENT  
WESCO REMEDIAL COLLEGE

Jarra Drammeh has worked with us at the Bundung Maternal and Child Health clinic for a period of 3 months from January 7<sup>th</sup> to March 31<sup>st</sup>. During this time, she worked for 2 weeks at various units under the Hospital, namely; The Out-patient Department (OPD), High Dependent Unit (HDU), Laboratory Department, The Pharmacy Department and finally the Reproductive and Child Health Clinic (Antenatal Clinic, Family Planning, Postnatal Clinic, and Less than 5 years old).

She is a hardworking young lady, punctual, regular, disciplined, and ready to take up any task.

I therefore recommend her to any health institution, with certainty that she will deliver as expected.
