### TESTIMONIAL

**Gibril Sanneh** was a student at the above school from September 2010 to September 2012.

During this period of his stay in the school, he was the class captain and demonstrated a high sense of discipline and leadership qualities. He possesses a profound and fertile imagination and the zeal to learn. He is polite, intelligent, quite and very peaceful.

Gibril's academic performance was indeed above average. His academic potentials have earned him respect both from his tutors and contemporaries. He is task oriented, honest and trustworthy and always willing to explore and learn new things from others.

If given the chance to pursue higher education in his professional career, I am with the opinion that he can make it.

Based on the above facts, I therefore recommend him without reservation.
