RE: SOPHIE GOMEZ

This is to state that Sophie Gomez was a student of the above named student from 1995 to 1998. She has successfully completed her course.

Sophie was an average student but hardworking and ambitious and so she received regular promotion each year. She was regular, punctual and self-motivated characteristics which made her get on well with her teachers and fellow students. She was also self-disciplined and could be relied on to work on her own and achieve results.

Sophie has a very pleasant personality and is capable of being successful in any pursuit she opts for if given the chance.

She has my recommendation.
