HAEMODIALYSIS UNIT

TO WHOM IT MAY CONCERN

This letter is a recommendation for Ms. Amie Njie an Enrolled nurse (EN) working at the hemodialysis unit since 2019. Throughout this this period as a dialysis nurse, I have supervised her whilst she worked in the capacity as an EN. Therefore pursuing her dreams will greatly benefit her academic career.

Amie Njie has been an absolute pleasure to work with. She has always delivered the work assigned to her within time and has brought her creativity to the table. She has also engaged with her co-workers and has used her creative potential to the best of her ability and has been an important asset to the unit.

Therefore I believe that if you give her a chance to pursue her desired course, she will excel and prove to be the most worthy candidate.

Please feel free to contact me if you need any further information regarding her suitability for the program.

Sincerely
