**TO WHOM IT MAY CONCERN**

I am writing this letter of recommendation for Madline Sophie Touray, a state enrolled nurse who has been working at Brufut Health Centre since 2019. Madline has expressed her interest in pursuing the Registered Nursing program, and I am confident that she will excel in this field.

During her time at Brufut Health Centre, Madline has consistently demonstrated her dedication and passion for nursing. She is a skilled and compassionate nurse who always puts the needs of her patients first. Her ability to communicate effectively with patients and their families has made her an invaluable member of our team.

Madline is a quick learner and is always eager to expand her knowledge and skills. She is proactive in seeking out opportunities for professional development and is constantly looking for ways to improve the quality of care she provides to her patients.

In addition to her clinical skills, Madline is also a team player who works well with others. She is always willing to lend a helping hand to her colleagues and is able to collaborate effectively with members of the healthcare team.

I have no doubt that Madline will excel in the Registered Nursing program and will become a skilled and compassionate registered nurse. I highly recommend her for this program and am confident that she will make a positive impact in the field of nursing.

Sincerely,

Omar Dampha

Officer In charge, Brufut Health Centre
