During her stay with us, Mai had a very good record of attendance and punctuality in school.

Mai has above average academic ability and this coupled with hard work, diligence and determination always earned her good grades. She is quite attentive and shows keen interest in her school work.

She is a hardworking, respectful and co-operative student who gets along well with her peers and mentors. She is maturing into a well-disposed young lady.

During her final year in school Mai was made a School Prefect, a responsibility she performed most satisfactorily. In extra-curricular activities Mai was an active member of the Peer Health Educators Club. She was also an active member of the Peace Club.

Mai has great potential. She is very reliable and capable of rendering satisfactory service to her future employer.

She is highly recommended.
