### RE: RECOMMENDATION LETTER FOR OMAR BAH

**Omar Bah** is an active staff of the Ministry of Health. He was posted to the Regional Health Directorate in December 2013.

He has been attached at the Regional Drug Store as Data Enter Clerk (LMIS). In view of the above, Omar is some body who nurtures team spirit and promotes professionalism.

He is hardworking, dedicated and obedient to authority. He has an excellent command over the English language. I have no doubt in recommending him to any institution or organization in need of his service or to be enrolling into any higher learning institution in the world. He has served under me as a supervisee and based on his performance track record, I am optimistic that he can excel his talents at any level and beyond expectations
