15TH November 2024

Dear Sir/Madam,

RE: RECOMMENDATION LETTER FOR MRS. FATOU DRAMMEH

I am indeed pleased to write this recommendation for Mrs. Fatou Drammeh who has been working with Farafenni General Hospital since February 2022. I have known her for a period of three years, as Hospital Administrator in the Hospital she works. During this period, I have found her to be a discipline, punctual, committed and competent staff. She has an exemplary character that endeared her to all her colleagues alike. Fatou is a staff of above average in performance and as a staff of Farafenni General Hospital, she proved to be reliable, dedicated and enthusiastic. She is a staff with keen interest in the in her work.

I have found her to be among the most concerned staff in matters related to patient care and management at Farafenni General Hospital. Mrs. Drammeh is an individual with a high level of scientific curiosity. Her spoken English is easily understood and her written work is concise and interesting to read. She has an exemplary character and her ability to work independently with minimal supervision is unquestionable.

She has a good sense of direction with a strong ability to work under pressure and within a multi-disciplinary care team and as well as take swift appropriate decisions during work. Personally, I have found her to be an outstanding staff with an enquiring mind and good leadership qualities admired by management and by her colleagues alike. I whole heartedly recommend her without reservations for any further educational endeavor. I think she will make valuable use of this opportunity if accorded to him.

If you would like additional information, please do not hesitate to contact me at 9966119/9987495/3568084/7470637/3510011/6687495

Yours Sincerely,

Famara Sillah

Hospital Administrator
