OFFER OF PROVISIONAL ADMISSION

I write to inform you that your application for admission as a student in the University of The Gambia has been successful. Accordingly, you are admitted into the **Faculty of Medicine and Allied Health Sciences** to commence studies during the 2003/2004 Academic Year. You are expected therefore to report in the University on the **15th October 2003**, when University Orientation for new students and other resumption formalities will take place. The individual faculty orientation will take place on the **16th October 2003** while registration for courses will commence from the **17th to the 21st of October**. Lectures for the first semester will start on **Wednesday, 22nd October 2003**.

Tuition Fees for your programme of studies is **D18,000** per annum. This is payable enbloc or in two equal instalments before or at the commencement of the semester. Payment in cash shall be made to the Cashier in the Administration Building of the University who will issue an official receipt. Students can also pay according to the number of courses they can afford to register for at the rate of **D1,600** per course. The official receipt must be well custodied as it will be demanded during the registration exercise and as the need arises from time to time.

*** You will be required to do Remedial English courses at the University.**

Please note that no student will be allowed to register for any course unless he/she has presented evidence of payment of tuition fees or scholarship award from the Government.

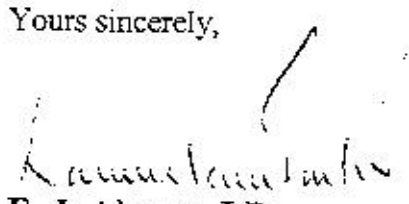

You will bring along **three passport size photographs** and **original copies of your certificates** for all the qualifications listed in your Application for Admission Form.

Students are to report to the Office of the Dean or Faculty Co-ordinator for briefing and registration arrangements after the Orientation Programme. A copy of the Academic Calendar for the 2003/2004 session is attached for your guidance.

Please note that this Admission is provisional subject to your possession of the University and Departmental Admission requirements. Any false claim or declaration on your part that is subsequently detected will automatically invalidate this offer of admission thus disqualifying your studentship of this University.

Candidates who are unable to take up their 2003/2004 admissions should notify the University in writing asking for deferment if they so wish not later than one month after the commencement of lectures. Failure to do so will result in the admission lapsing. Please accept my congratulations.

Yours sincerely,

E. J. Akpan, J.P.

AWARD OF MOROCCAN SCHOLARSHIP

I am pleased to inform you that you have been awarded a scholarship by the Moroccan government to pursue studies in Medicine in Morocco, beginning October, 2004. You are expected to be in Morocco during the first week of October, 2004.

You will be entitled to a monthly stipend of 750 Dirhams, to be paid to you by the Moroccan Agency for International Co-operation.

The Government of The Gambia will offer you an annual allowance of US\$300.00, and will also provide you with a return air ticket (at the beginning and end of your program of study). You will not be entitled to air tickets during intervals of your study. Thus, if you wish to spend any of the holidays in Banjul, it would be at your own cost. May I also point out that your parents/guardians would need to subsidise/supplement the allowance paid by the Moroccan and Gambia governments.

You are advised to report to the Department of State for Education for your travel arrangements

We wish you success in your studies.

 Kabba Saine
 FOR Permanent Secretary

Please sign below to indicate your acceptance of the offer

I have read and agree to the above terms and conditions of the scholarship award tenable in Morocco. I understand the financial and other obligations I would have to fulfil, in order to make the education of my child/ward less arduous.

Name of Applicant: Ashley D. Saine

Name of Parent/Guardian: Barbara D. Saine
