**ATTESTATION**

**TO WHOM IT MAY CONCERN**

That's is to attest that Ebrima NK Jallow has undergone Nine (9) months Agriculture/ Horticulture training at the above mentioned Institute dating from January 2021 to September 2021.

Furthermore, from our records Ebrima has undergone intensive Horticultural practise since the course is designed in such that practical work is being prioritised that is to say 80% practical and 20% theory.

Therefore with regards to the above paragraph he is rated as competent in the certificate level of the Institute.

I therefore has no hesitation in recommending him for further level of Agricultural/Horticulture training to showcase his potentials, meanwhile he is waiting for his credentials, thus Certificate, Transcript and Testimonial and any related document.
