Dear Sir/Madam,

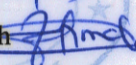

**RE: LETTER OF RECOMMENDATION: MISS ISATOU DARBOE**

It is a great pleasure for me to write in support of Miss. Isatou Darboe who is currently working with the above named facility as an intern for six weeks and later volunteered for another extra 20 weeks.

I found Miss. Darboe to be hardworking, brilliant and highly motivated worker who is determined to excel in anything she is doing, and as well committed to her career development. She shows commitment and devotion to her work, which she performs with utmost respect, tolerance and friendliness. I am convinced that she has the capacity to improve on her skills, knowledge, and experience gain in her day to day functions.

Without reservation, I strongly recommend her for any course or learning institution she has applied for. Please do not hesitate to contact me if you need any further information about her.

Yours Sincerely

..... 14/3/23  
Fatimah N. Bah   
Deputy OIC
