

TO WHOM IT MAY CONCERN

Friday, 08 December 2017

Dear Sir,

Re: Ya Siga Williams

I write to recommend Ya Siga Williams having known her professionally for over five year. I first met her on my arrival at the Medical research council unit the Gambia as a medical officer in June 2012.

I found her to be a very responsible, hardworking and competent auxiliary nurse with a strong sense of empathy towards her patients. She has consistently stood out among her colleagues and has impressed me with her willingness to work even beyond what is expected of her. I was fortunate to have her as one of the nurses who worked on a malaria drug trial conducted within the medical research council clinical services department between 2013 and 2015. This study involved multiple complex and timed procedures and she excelled in all areas. She assisted in the care of the subjects, assisting in performing electrocardiography and providing administrative support to me as the research clinician/coordinator.

I am very pleased about the progress that she has made over time both professionally and in her academics and I have no doubt that she will meet your expectations. It is therefore my pleasure to refer her to you. Please feel free to contact me if you require further information.

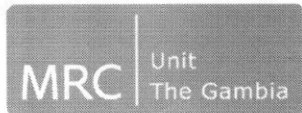

Yours sincerely

Chukwuemeka Onwuchekwa

TO WHOM IT MAY CONCERN

YA SIGA WILLIAMS

Dear Sir/Madam,

I hereby testify that I have supervised the above mentioned name as an auxiliary nurse on the MRC paediatric and adult ward. During her nursing and theoretical practice, she was obedient and respectful to patients and staff.

She started work at MRC on the 11th of February, 2011 up to date.

During this period she demonstrated a high level of interest and commitment to her duty of care to both patients and staff alike.

She is regular and punctual, and has an exemplary character. She has a good knowledge of her profession and is always willing to learn new ideas. I am sure she can be a good candidate in your institution.

I solemnly recommend her acceptance to your institution.

Please do not hesitate to contact me.

Yours Sincerely,

Mamina Bojang
